EXPERIENCE

University of Missouri-St. Louis

Institutional Repository, Reference and Open Educational Resources Librarian

St. Louis, MO
1/2016 - Present

- I launched, organize and am responsible for the promotion and maintenance of the UMSL Institutional Repository Library. I create and implement policies and workflows, while performing daily management and oversight of all repository operations.
- As a liaison to the campus community I educate faculty about open access, data management, Open Educational Resources (OER), copyright and scholarly publication issues. I perform collection development for the subject areas of philosophy, gerontology, sociology and gender studies. I aid researchers in one-on-one reference consultations and teach information literacy classes.
- The compiled faculty showcase profiles have garnered praise from University Deans and contributed to the development of positive relationships between the Institutional Repository Library and other academic departments.

University of Missouri-Columbia

Adjunct Instructor

Spring & Fall Semesters 2021

- Adjunct instructor at the iSchool for an online library science graduate course, Organizing Information in Information Agencies, using an OER textbook I helped adapt. Used Canvas for the course, Zoom for synchronous meetings and panopto to create and edit weekly introduction videos. Evaluated student performance and provided feedback in a timely fashion. Provided consultation for students when needed.

City College of New York

Government Documents eSerials Librarian

NY, NY
2/2010 - 1/2016

- As the Chief of the Government Documents Division I was responsible for the documents depository collection, including federal, state and international documents. Supervised and trained part-time staff to copy-catalog, process and check-in documents. Troubleshoot problem catalog records. Revised and updated collection development policy.
- As e-Serials librarian maintained the serials database and the electronic journals lists. Maintain the library's database list (Libguides), A-Z list (Serials Solutions) and article-linker service (SFX). Analyzed and collected electronic resource usage statistics.
- As a reference librarian I provided one-on-one reference consultations, and taught information literacy classes as part of the Library Instruction Team.

WHCR 90.3 FM NY

Volunteer Radio Talk Show Host. Technologist & Technology Educator

NY, NY
8/2005 - 7/2020

- Hosted Technicolor Radio Show, a one hour show broadcast every Monday night until I left NYC in 2016. - <https://www.technicolorshow.com/>
- Cohosted Community and Technology, via phone on Wednesdays until July 2020.

RECENT PROJECTS

Practicum in a Pandemic SLRLN Tech Expo 2021

<https://works.bepress.com/LenaMarvin/24/>

The UMSL OA Practicum in a Pandemic Project began in April of 2020 at the beginning of the Covid-19 crisis. The pandemic made it impossible for many graduate students to finish or find an in-person library practicum opportunity. I supervised a remote practicum for 14 SISTL students find out more at: <http://umsl.digitalhumanities.org/openaccess/>
