City College of New York   Harlem, NY
BA Philosophy & MA History   2004-2008 - 2010-2014

EXPERIENCE

University of Missouri-St. Louis   St. Louis, MO
Institutional Repository, Reference and Open Educational Resources Librarian   1/2016 - Present

- Launched, organize and responsible for the promotion and maintenance of the UMSL Institutional Repository Library. Create and implement policies and workflows, while performing daily management and oversight of all repository operations.

- As a liaison to the campus community: educate faculty about open access, data management, Open Educational Resources (OER), copyright and scholarly publication issues. Perform collection development for the subject areas of philosophy, sociology and gender studies. Aid researchers in one-on-one reference consultations and teach information literacy classes.

- Curated faculty works showcases have garnered praise from University Deans and contributed to the development of positive relationships between the Institutional Repository Library and other academic departments.

University of Missouri-Columbia iSchool   Columbia, MO
Adjunct Instructor   1/2021 - 12/2021

- Adjunct instructor at the iSchool for an online library science graduate course, Organizing Information in Information Agencies, using and adapting an OER textbook. LMS: Canvas, Zoom for synchronous meetings and panopto for weekly introduction videos. Evaluated student performance and provided feedback in a timely fashion. Provided consultation for students as needed.

City College of New York   NY, NY
Government Documents eSerials Librarian   2/2010 - 1/2016

- As the Chief of the Government Documents Division was responsible for the documents depository collection, including federal, state and international documents. Supervised and trained part-time staff to copy-catalog, process and check-in documents. Troubleshoot problem catalog records. Revised and updated collection development policy.

- As e-Serials librarian maintained the serials database and the electronic journals lists. Maintain the library's database list (Libguides), A-Z list (Serials Solutions) and article-linker service (SFX). Analyzed and collected electronic resource usage statistics (COUNTER).

COMMUNITY

WHCR 90.3 FM New York   Volunteer Radio Talk Show Host, Technologist & Technology Educator
Host of Technocolor Radio Show, a one hour broadcast every Monday night until leaving NYC in 2016. After 2016 joined the weekly hour show Community and Technology as a call in co-host. Was a member of the WHCR Emergency Broadcast Team.   8/2005 - 7/2020

FEATURED PROJECT

Practicum in a Pandemic *SLRLN Tech Expo (2021)*   https://works.bepress.com/LenaMarvin/24/
The UMSL OA Practicum in a Pandemic Project began in April of 2020 at the beginning of the Covid-19 crisis. The pandemic made it impossible for many graduate students to finish or find an in-person library practicum opportunity. By devising and supervising a remote practicum for 14 SISTL students, each with over 90 hours of work each to complete over the course of 2020. With supervision the students collaborated to develop, document, enact, and update a workflow for reviewing faculty works and discovering and harvesting Open Access articles. The project blog showcasing the workflow and student activity logs can be found at: http://umsldigitalhumanities.org/openaccess/
